Chromatography Solutions

Avantor[®] ACE[®] Columns

Buy any Avantor[®] ACE[®] Column and get a bottle of VWR Chemicals BDH[®] HPLC Solvent free!

AVANTOR[®] ACE[®] COLUMNS

Provide great reproducibility and column lifetime. These columns are available in a wide range of particle sizes and dimensions – from capillary to preparative – and are designed for a wide range of chromatographic applications, offering great performance with acidic, basic and neutral molecules.

- Ultra-high purity, base-deactivated silica with exceptional reproducibility
- Ideal for a wide range of analytes differing in hydrophobicity
- Wide range of particle sizes (2 to 10 μm) and complementary phases

Additionally, columns are made with high-quality stainless steel for U-HPLC applications and a long lifetime.

LATEX POWDER-FREE EXAMINATION GLOVES

Sri Trang Latex Powder-free Examination gloves offer speed and maximum protection.

- Nonsterile
- 5.6 g weight
- Minimum thickness of 3.1 mil
- Powder-free
- 9" length
- Medical grade
- Textured with beaded cuff

Gloves feature a unique surface treatment, which combines both a specialized but invisible coating and highly effective finishing. The interaction creates a smooth surface that prevents any stress to the skin, despite repeated donning. Even with wet hands, donning is easy. The increased wall thickness withstands irregular surfaces and provides protection against typical harms for a glove. Combining the advantages of medical examination and food contact gloves, they can be a full-service option for medical facilities, from dental to nursing, canteen, and laboratory applications

Description	Length	Glove color	Unit	Cat. No.
Small	22.9 cm (9")	Natural	Case of 1000	76457-120
Medium	22.9 cm (9")	Natural	Case of 1000	76457-122
Large	22.9 cm (9")	Natural	Case of 1000	76457-124

NITRILE EXAMINATION GLOVES, 4.8 G

Used in laboratories worldwide.

- Nonsterile
- Latex-free
- Minimum thickness of 2.0 mil
- Powder-free
- 9" length
- Medical grade
- Finger textured with beaded cuff

While it can be used as a medical examination and category III protective glove, this latex-free protection comes in handy while working on glass equipment, in laboratories, or in kitchens. The finger texturing allows optimal performance through a high sensitivity feel throughout the glove film. The finished surface allows grabbing of any smooth and wet surface without losing grip, while protecting from any surroundings that should not come in contact with bare skin.

Description	Length	Glove color	Unit	Cat. No.
Small	22.9 cm (9")	Blue	Case of 1000	76459-454
Medium	22.9 cm (9")	Blue	Case of 1000	76459-456
Large	22.9 cm (9")	Blue	Case of 1000	76459-458
X-Large	22.9 cm (9")	Blue	Case of 1000	76459-460

VWR® VINYL NITRILE HYBRID EXAMINATION GLOVES

This specialty formulated blend of vinyl and nitrile provides a cost-effective alternative to the traditional nitrile examination glove, while maintaining the performance expected from a disposable examination glove.

- Lightweight nitrile/vinyl blend provides a sensitive feel
- Latex-free
- Cost competitive solution when compared to nitrile examination gloves
- Easy donning with beaded cuff
- Applicable for many industries

Suitable alternative for individuals with Type I allergies. Great for a wide range of applications including medical, examination, healthcare, nursing, laboratory, IT, general cleaning, and industrial use.

Description	Material	Length	Glove color	Unit	Cat. No.
Small	Vinyl/nitrile blend	9.5"	Blue	Case of 1000	76456-892
Medium	Vinyl/nitrile blend	9.5"	Blue	Case of 1000	76456-894
Large	Vinyl/nitrile blend	9.5"	Blue	Case of 1000	76456-896
X-Large	Vinyl/nitrile blend	9.5"	Blue	Case of 1000	76456-898

VWR® VINYL EXAMINATION GLOVES

This formulated blend of vinyl provides protection in low-risk environments while maintaining protection, comfort, and dexterity.

- Soft fit and feel
- Latex-free and powder-free
- DOP and DEHP (phthalate) free
- Smooth inner coating for easy donning, and to help avoid irritation
- Applicable for many industries

Suitable alternative for individuals with Type I allergies. Great for a wide range of applications including medical, examination, healthcare, nursing, laboratory, IT, general cleaning, and industrial use.
