

# Get Installation Services With Material in Five Easy Steps

Graybar's OMNIA Partners Contract #EV2370 offers material and installation project solutions in 5 easy steps:

1

## Identify The Scope

Define the scope of your project and contact your Graybar representative.

2

## Schedule an Appointment

Arrange an onsite visit with the Graybar team to discuss your needs.

3

## Project Proposal

Graybar will present a project proposal for your consideration.

4

## Convert Proposal to a Purchase Order

Once approved, the proposal is converted to a purchase order, and the project is scheduled according to your required dates.

5

## Execute Project Completion

We execute the project to your satisfaction and approval, including the SCO when needed.
