

Buy 2 DISC FILTER and Get 1 Free

Foxx Life Sciences, EZFlow® 13mm, 25mm, 47mm, and 90mm membrane disc filters are used to retain particles or microorganisms by surface capture. The membrane disc filters are available in a nylon material or hydrophobic PTFE material with polypropylene support, offered in 0.22µm or 0.45µm pore sizes. The Nylon membrane is has great chemical resistance and makes them ideal for filtering more aggressive solutions such as alcohols and DMSO. The Hydrophobic PTFE membrane is bonded to a polypropylene support and due to its extreme chemical compatibility, they are ideal for the filtration of solvents and acids or other aggressive chemicals. All materials comply with USP Class VI Standards and FDA compliances.

VALUE

REDISHIP LOGIC CLASS II A2 BIOSAFETY CABINETS

- Experience less fatigue, fewer distractions, and more comfort
- Angled sash for closer viewing without glare
- Line-of-sight, easy-to-understand LCD information center
- Large interior work area with service fixture (2 on 6' cabinets) and Vacu-Pass Cord & Cable Portal
- Gently closing electrical outlet covers
- REDISHIP means ready for your lab now

Provides personnel, product and environmental protection from hazardous particulates and agents that require Biosafety Level containment. UV Lap for secondary decontamination. Unlike other cabinets, the Logic is designed for the human experience. 115V, 60Hz.

Ergonomic chair: Ergonomically designed laboratory chair with a four-way articulating seat engineered for comfort.

Cell culture cart: Stores lab supplies and is easily moved to keep within reach while working at the biosafety cabinet.

Avantor® Seradigm Research Grade Fetal Bovine Serum (FBS)

Superior quality FBS for proven performance and consistency in cost-sensitive applications

Request a free sample today!

The care and attention we devote to the collection and manufacture of our products generates quality that matters.

Avantor® Seradigm Research Grade FBS preserves more of the naturally-occurring growth factors that cells require to thrive, resulting in superior quality sera for a price that fits your budget.

Product highlights

- **Industry-leading collection methods at the source** ensure raw material is collected and stored with care, preserving as many growth-promoting factors as possible in the final product.
- **Manufacturing techniques** reduce bioburden and result in a nutritionally rich product that boasts homogeneity for every bottle and for every lot.
- **Risk mitigation through a robust quality system** means that no matter the application or scale, you can have confidence that the final product received will provide consistent results and unparalleled performance.
- **Proven track record** for performance and consistency.
- Sourced from countries with health status classified as “Negligible BSE Risk” by the World Health Organization.

Free VWR Chemicals BDH® products*

Experience | Value | Results

UP TO
\$1,000
VALUE!

Buy \$250 in VWR Chemicals BDH® products and select \$250 in VWR Chemicals BDH products free!

From its founding in 1908 in London as the British Drug Houses, VWR Chemicals BDH® has steadily evolved and grown to be recognized as a major supplier of laboratory- and analytical-grade chemicals throughout the world. The VWR Chemicals BDH brand is now wholly owned and exclusively sold by VWR®, part of Avantor®.

The comprehensive range of products offered in North America represent our ongoing commitment to providing high-quality, affordable chemicals and reagents for research, environmental testing, and quality control.

The guaranteed specifications of VWR Chemicals BDH products reflect this proud legacy. And, after more than 100 years of enabling reliable results, these chemicals continue to epitomize the exacting standards required by researchers and analysts today.

Please follow the instructions below to redeem offers.

01. Order products from VWR. Call 800 932 5000 or visit **vwr.com** between 12/31/2023 and 12/31/2024.
02. To redeem offer and obtain free items, have your VWR invoice or packing slip available, go to **vwr.com/promotions**, search for **Promo Code 4372**. Fill in the online form before 1/31/2025.
03. Allow up to 8 weeks for delivery of free items.

Terms of Redemption: Promotion applies to any VWR Chemicals BDH-branded product available on **vwr.com**. To qualify, purchase a minimum of \$250 (up to a max. of \$1,000) in VWR Chemicals BDH products in one order. To redeem, complete the redemption form for this promotion at **vwr.com/promotions**, where you can identify your \$250 in free VWR Chemicals BDH products. Customers may spend up to a maximum of \$1,000 to receive \$1,000 in free product. Limit one redemption per customer per calendar year. All free product will be calculated at VWR list price.

Terms of Promotions: Promotion valid on purchases made between 12/31/2023 and 12/31/2024 unless otherwise indicated. Requests must be received by 1/31/2025 unless otherwise specified. Void where prohibited by law or company policy. Employees of VWR International, LLC and/or Avantor, Inc., or affiliates, subsidiaries, distributors, retailers, advertisers, and advertising and promotional agencies, and members of immediate families of each are not eligible for promotional offers contained in this literature. Free items shipped separately from order. Please allow up to eight weeks for delivery of free product. Valid while supplies last. Inclusion of e-mail address indicates permission to send notices of new products, prices, and services, including paid advertisements from third parties. VWR will not rent or sell names, mailing addresses, e-mail addresses, or other contact information to third party advertisers. VWR will share names, mailing addresses, e-mail addresses, or other contact information with third party advertisers in connection with a joint promotion between VWR and the third party advertiser. Offer promotions are based on purchases at customer's regular price; free item redemptions are based on VWR list price. Prices and product details are current when published; subject to change without notice. Certain products may be limited by federal, state, provincial, or local regulations. For a complete list of trademark owners, please visit **vwr.com**.

Comprehensive solutions for benchtop lab equipment

**BUY A VWR ADVANCED BLOCK HEATER
AND GET A FREE MODULAR BLOCK**

VWR® DRY BLOCK HEATERS

- Available in 1-, 2-, 4- and 6-block models
- Exceptional temperature uniformity and stability
- Best-in-class five-year warranty

Modular blocks are constructed from a solid anodized aluminum block. The close contact of tube-to-block walls allows for maximum heat retention. Each block has a thermometer well for measuring block temperature.
