

Buy 2 VWR® Pipette Controllers and get a free case of VWR® Serological Pipettes from the list below

VWR® PIPETTE CONTROLLER

The VWR® pipette controller is a compact and portable device that features multiple user-selectable modes and speeds to perform a wide range of liquid handling applications. Each device is supplied with a 3-year warranty.

- Accommodates serological pipettes ranging from 1 to 100 ml
- 0.45 µm and 0.22 µm replaceable hydrophobic filters available
- Large LCD display shows speed settings and low battery warning
- High-capacity Li-ion battery offers over 20 hours of intermittent use (3-hour charge time)

VWR® DISPOSABLE SEROLOGICAL PIPETTES

- DNase/RNase-free, non-pyrogenic, non-cytotoxic, non-haemolytic
- Graduations are calibrated for accurate dispensing to within ±2%
- Color-coded according to volume
- Sterile pipettes are sterilized by irradiation
- Pipettes meet BST/TSE requirements; latex-free
- Every product is printed with a batch number for traceability
